SUMMARY

Aspiring AI and Data Science professional skilled in Python, Machine Learning, NLP, and Data Analysis. Proficient in Power BI, Tableau, and Web Development, with experience building AI-based applications. Strong in problem-solving and data-driven decision making.

TECHNICAL SKILLS & SOFT SKILLS

- **Languages:** Python, JavaScript, SQL, HTML5, CSS3
- **Database:** MySQL
- **Tools:** Git, Github, VS Code, Power BI, Tableau
- **Soft Skills:** Adaptability, Attention to detail, Communication Skills, Time Management, Problem solving, Team Collaboration, Analytical Thinking.

EXPERIENCE

Elevate Labs | Artificial Intelligence and Machine Learning Intern **Apr 2025- May 2025**

- Collaborated on AI-driven projects, enhancing machine learning models for data processing.
- Conducted data analysis to identify trends and improve model accuracy.

PROJECTS

Smart Talkative Camera

Python, CNN, YOLO v8, Computer Vision, Open CV, TTS,

A deep learning-based interactive visual assistance system that performs real-time object detection using CNN/YOLO models and provides voice-based feedback through text-to-speech technology. Designed primarily for assistive technologies and smart environments.

Stock-Price-Trend-Prediction-with-LSTM

Python, TensorFlow, yfinance

Developed a stock price prediction model using LSTM neural networks with Python and TensorFlow, leveraging historical data from Yahoo Finance. Performed data preprocessing, feature scaling, and time-series modeling, and visualized predictions using Matplotlib along with technical indicators like RSI and moving averages.

CERTIFICATIONS

- **Intermediate Machine Learning** - Kaggle (Jan-2025)
- **Entrepreneurship Essentials** – NPTEL (Apr-2025)
- **Advance SQL** - Kaggle (June-2025)
- **Data Analytics Masterclass** - Novitech R&D Pvt. Ltd (Aug-2025)
