PROFILE

Aspiring technology professional with internship experience at Prodigy InfoTech & Elevate Labs, contributing to projects in the field of artificial intelligence & machine learning . Currently pursuing a Bachelor of Technology in Artificial Intelligence & Machine Learning at Sandip University, expected to graduate in May 2026. Skills include programming, data analysis, and problem-solving. Focused on applying academic knowledge to real-world challenges in technology.

EDUCATION

Bachelor of Technology - BTech in Artificial Intelligence & Machine Learning, Sandip University, Nashik
January 2022 — Present

INTERNSHIPS

Intern at Prodigy InfoTech at Prodigy Infotech, Nashik
July 2024 — August 2024

Internship focused on contributing to projects within the artificial intelligence domain at Prodigy InfoTech.

- ▣▣ Assisted in the development of AI-based applications, leading to improved project outcomes.
- ▣▣ Participated in data analysis tasks, enhancing the understanding of data-driven decision-making.
- ▣▣ Engaged in coding and programming tasks to support ongoing technology projects.
- ▣▣ Collaborated with team members to troubleshoot issues and optimize project processes.

Machine learning intern at Elevate labs, Nashik
April 2025 — May 2025

- Collaborated on AI-driven projects, enhancing machine learning models for data processing.
- Conducted data analysis to identify trends and improve model accuracy.
- Assisted in the development of algorithms to streamline workflows and increase efficiency.
- Supported team in debugging and optimizing code for better performance.
- Engaged in regular team meetings to discuss project progress and present findings

COURSES

Python, Kaggle

April 2024

Intro to Machine Learning , Kaggle

May 2024

Intermediate Machine Learning , Kaggle

January 2025

Data Visualisation , Kaggle

March 2025

Feature Engineering , Kaggle

March 2025

Intro to SQL, Kaggle

March 2025
